7th February, 2011

Mr S. Weaver,
Interim Development Services Manager,
Havant Borough Council,
Civic Offices,
Havant
PO9 2AX

Dear Mr Weaver,

I write to acknowledge your letter to me dated 26 January 2011 and under reference APP/11/00066. I respond to your paragraphs as follows:

- (1) The title you suggest for my application seems to me to be ideal
- (2) I have deleted certificate B under "ownership certificates" in section 11.
- (3) I have entered the wording which you suggest to section 12
- (4) I provide with this letter 4 copies of the OS map which you requested and the invoice I have received for the amount I was charged for this map and the one in paragraph 5.
- (5) I also provide 4 copies of the Block plan which you requested and have shown the fencing etc which borders our land.
- (6) I provide a new photograph of the new roof and to do so I temporarily moved my caravan and car as you requested. It is not possible to take a reasonable photograph of the eastward elevation. I confirm (as my photograph mentioned above also shows) that the eastern elevation is identical to that at the western end of the new roof.

I hope that this meets your requirements but if there is any other further information you require I shall be pleased to try and provide it for you. I hope that my application can now proceed.

Yours truly,
