Commenter Type: Further Comments

Stance: Customer made comments neither objecting to or supporting the Planning Application

Comment Reasons:

Comment: I'm aware of the planning proposal and I would like to raise awareness of the land and parking issues

The land is an eye sore and dumping ground and 2 very large trees

The drains are collapsing

There is a very bad parking issues in burnside and Meadway there are double yellow lines (they need to be further down these roads)to help ease parking

Keys travel which operates from the shops have numerous coach trips and the parking becomes over-run due to customers parking down these 2 roads also

Highfield shops have a bus stop either side of the road

If there were an emergency and ambulance was called it would not be able to pass due to cars parking just inside Burnside and Meadway and even in the bus stop outside the shops!

These 2 roads are school runs for the school (Queens Inclosure)

So twice a day drop off and pick up even more traffic

With this proposal it would cause even more parking issues

Maybe if this planning was to be excepted

The yellow lines would have to be extended further down burnside and Meadway from the shop end of these roads

This would help ease congestion at that end of these roads
