Commenter Type: Further Comments

Stance: Customer made comments neither objecting to or supporting the Planning Application

Comment Reasons:

Comment:I would like to add my comments to this new development.

The area where the proposed house is to be built is currently a cut through for cars and at the present time the area it is also used as a dumping area. Also there are mature trees which are vastly over grown and a large drain which is collapsing .

I would also like to draw attention to the current parking situation. Cars park on the pavements and even recently a coach which is very dangerous to both adults and children due to the local school. I feel yellow lines extended down Burnside & Meadway would be beneficial and yellow lines outside the new development would also help the current situation.
