Subject: Berewood - Phase 8 - Revised Planning Submission - Affordable Housing Provision

Hi Prue,

Apologies for the delay in coming back to you on this, please see my feedback below.

Following a review of the Bloor Home's affordable housing mix (as per the attached), The proposed mix is in line with the Grainger's wider affordable housing strategy for the Berewood development, as such, I can confirm we (Grainger) are in support of the affordable housing proposal.
