

Planning Proposal Development at Emsworth House Close - APP/24/00245 and APP/24/00232

For the attention of the planning officers.

As a resident of Emsworth House Close I am writing to object to the above application for two houses/dwellings.

Emsworth House Close is a narrow road with already limited parking, resulting in residents parking elsewhere. This is not ideal as many of the residents are older people and any construction on this small piece of land will only worsen the problems if this is approved.

Emergency services frequent Emsworth House Close and any construction will limit their access. Aside from this, the disruption and noise of the proposed developments will adversely affect the well-being of the residents here.

There is already limited green space in the close for the residents, and this development will reduce this significantly.
