Comment Details

Commenter Type: Complainant

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: I object to two 3 bedroom houses being built in a Close, where retired people live. There isn't enough parking for the residents who live here & although I believe 'New build' will have off street parking included, will there be off street parking for their friends & relatives? We will lose three parking spaces if these houses are built, which will just add to the existing nightmare of us not being able to park where we live.

We are all concerned about the big tree in the corner, which has a TPO on, will the builders respect this & not excavate near the roots?

These houses will add to the existing pressure on our doctors & schools.

Why does every bit of land HAVE to be built on just to line the pockets of developers?

It's going to be a nightmare for disabled residents, who rely on mobility scooters & electric wheelchairs to go out, if the building goes ahead.
