

Name:

Address:

HAVANT BOROUGH COUNCIL

13 MAY 2024

RECEIVED

FOA - The planning officer Mr David Eaves

Objection to the proposed developments:

Ref: APP/24/00245

Ref: APP/24/00232

*As a resident of Emsworth House Close, I am writing to strongly object to the applications for both houses in the planning application.*

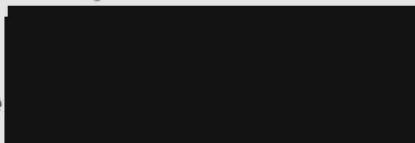

*Emsworth House Close has frequent parking issues for the residents and their families and carers. At present there is some work being carried out on the flats which is causing even more problems, if there was a construction site this would just serve to make this problem even worse!*

*Emergency vehicles already struggle to access and turn within the street, and I have concerns that this may endanger the lives of the residents.*

*Residents also have to rely on mobility scooters and any construction, where lorries are delivering may put these people at risk.*

*Safety of existing residents should be the main priority here.*
