

Ref APP/24/00232

Dear Mr Eaves,

Thank you for your letter informing me of the intention to build a three bed room house on the spare land in Emsworth House close. I wish to register my objections to this development. mainly the parking which is already a huge problem.

a visit by a traffic warden would confirm this, also when an ambulance or fire engine has been

called to the close they have had to reverse their vehicles out of the close, this should not happen. whilst the house is being built there will be no room for delivery lorries and all the equipment which will be needed, and when the house is built even with a dropped kerb we will lose even more parking, this will mean very unhappy residents, also where will the workmen park during development.

This is a very narrow road and the building will be taking place in a relatively small space the noise dust and upheaval will be intolerable please have consideration for the well being of the residents already here.

3

Finally maybe a better use
for the spare land would
be to provide more parking
which is very much needed,
the residents I have spoken
to would be more than
willing to pay for a permit
