

HAVANT BOROUGH COUNCIL

16 OCT 2023

RECEIVED

Dear Sir or Madame

Regarding the planning application for the Golden Lion public house.

The car park should ~~be~~ not be used as an extension to the pub. This should be used as intended for parking. There is very little parking space in the area as it is.

The small area at the side of the building currently being used as parking. Must be a safety issue to Pedestrians when passing here.

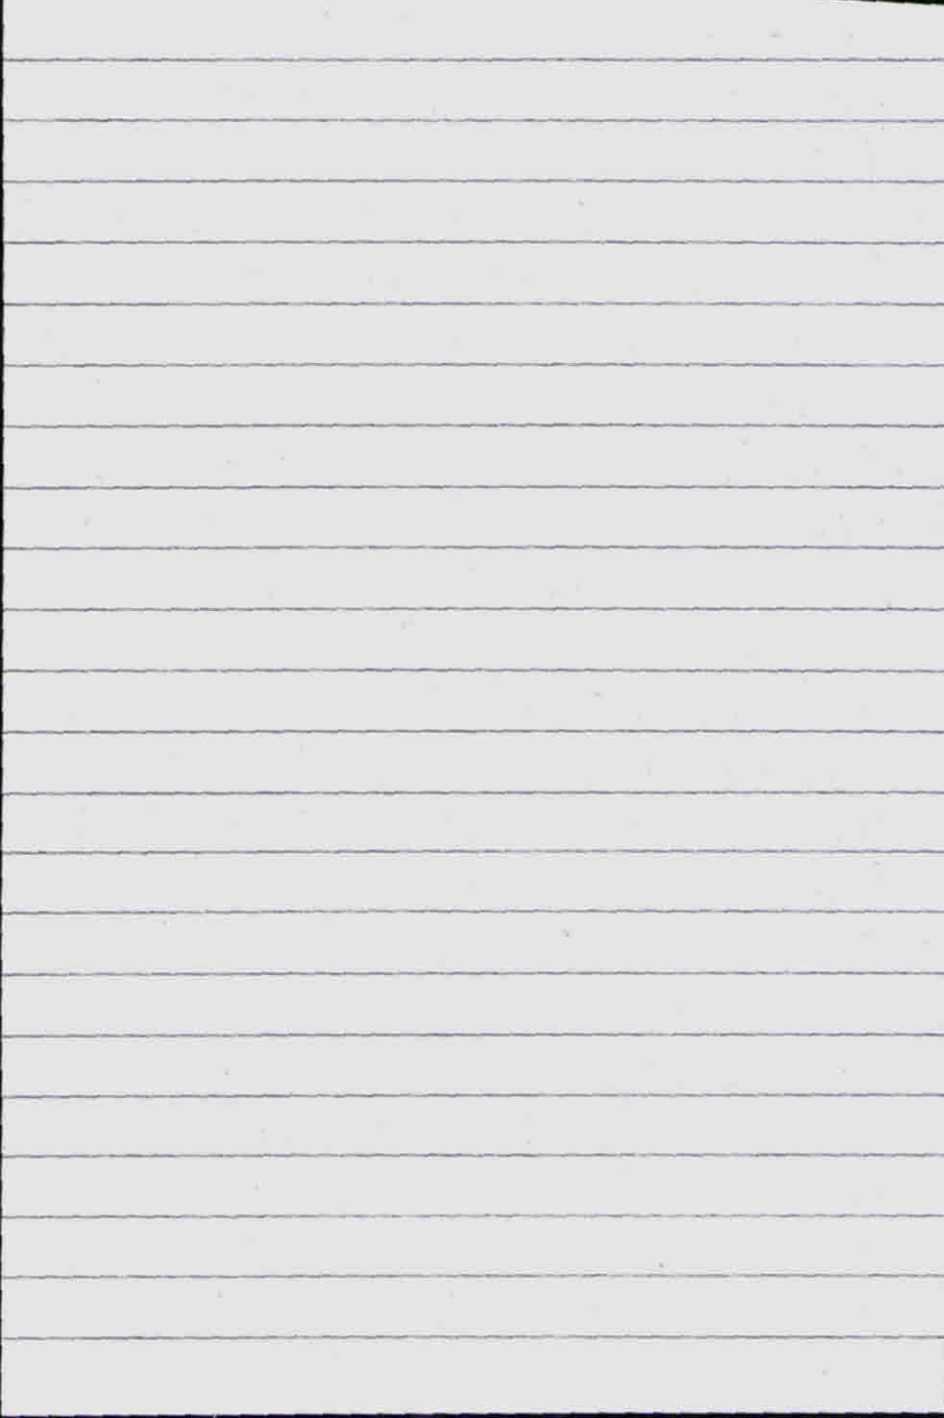

RECEIVED

1900

RECEIVED

It acts as a delivery area for the pub and Indian Restaurant as well as patrons. A great danger to School children as School just round the corner.

As for the car park being considered as an entertainment area for large gatherings of people with live band music every Sunday afternoon. This stops most people in the firing line of all this noise enjoying their own Gardens all Summer. The Pods which have been erected alongside of a fenced garden are high enough to affect neighbouring gardens too. Loud Speaking and Swearing sometimes cat calling

can be clearly heard
for some distance. We
have lived here for [REDACTED]
[REDACTED] and we know
lots of things change for
lots of people. These
things we complain of
have been endured for
over 3 years and would
be grateful for your
careful consideration
when making a decision
on this matter as affects
so many aspects of
peoples lives.

Yours Sincerely
[REDACTED]
