Description of Proposed Works

Please describe the proposed works

place a trellis on the rear wall of garages to the east of the property, currently the garden is overlook by the properties along Chichester Ave. The trellis is of wood construction with no intention to grow any greenery on it this is more a screening exercise as, other than being overlooked, the garage roof is unsightly asbestos construction. The height of the trellis is 510mm above the asbestos roof and ranging from 2.7m to 2.25m above ground as the ground level drops going away from the house.
