

To the planning department.

Please find attached pictures from today with reference to parking in Emsworth House Close. As can be seen residents are now having to park on the grass outside of one of the buildings because there is nowhere to park on the road. All of the residents are elderly and many are infirm or disabled. When considering the planning for new construction on the piece of land in the road I believe that the welfare of the existing residents should be of priority over and above any planning permission. Yours Sincerely

[REDACTED]
