

HAVANT BOROUGH COUNCIL

9 MAY 2024

RECEIVED

Planning Proposal Development at Emsworth House Close

APP/24/00245

APP/24/00232

To the planning officer/s

Mr. David Eaves

The stress and disturbance caused by the construction of these two properties may exacerbate existing health conditions and compromise the overall quality of life for residents in Emsworth House Close.

The current parking situation in Emsworth House Close is already strained, with insufficient parking for existing residents.

A construction site will only impede access for emergency services who are frequently called to Emsworth House Close.

[REDACTED]

For these reasons I object to both proposed developments.

Yours sincerely
