

Dear Sir / Madam,

I'm writing to you as chairman of the Hayling Skatepark Project, a community action group that supports improvements to local community facilities, specifically for wheeled sports.

planning application [#APP/25/00369](#) for the construction of new tarmac surfaced mini wheels track, including banks, jumps, grass bunding, french drains and changes to landscaping to be located on land North of Hayling Billy Business Centre, Furniss Way, Hayling Island.

We have had a lot of individuals asking how they can show their support for this project and were asked to leave comments on the planning application page. As you know the comments function is not working currently and is scheduled to be fixed only one day before the planning application expires. Therefore to enable them to have their say, we have set up a google form designed to capture the same information they would normally supply via the portal, which I'm submitting to you today.

There are still more replies coming in, but as of 4pm on 07/08/2025 we have had 200 respondents to the survey saying they 'Strongly support' the application and 5 who say they 'Support' it with zero people against.

Here is a breakdown of the main community benefits they feel it will deliver to users:

We collected these responses within 24 hours, so if you need any further testimonials or evidence of support for the application please don't hesitate to ask.

Please could you reply confirming receipt and let me know whether this is acceptable as an alternative submission format?

Thanks,
