Dear Andrew

We moved here approx. 7 years ago into the bungalow adjacent to Jade Court and are very concerned about how the Oak tree close to our boundary with Jade Court has grown during this time. We contacted Gray Property Management when we first came down here. They informed us that the Oak tree was due to be pruned shortly. They also informed us this pruning takes place every 5 years, but this has not been done. We contacted them again several time with the same grievance. This work has still not been done.

We would like the Oak tree to be pruned as shown in the shaded area of my sketch plan.

We await your early reply to the above.

Your sincerely

P.J.Norman

Inc; please find attached photo of the Oak tree taken from our back door.
