

Dear Sir/Madam

I'm sorry but I have made a massive mistake on my application to have our Yew tree reduced.

I stated on the application that I requested a reduction of 2 metre all round.. I have had a brain revelation today that this would leave the trunk only!!! I don't know what I was thinking.

I am therefore kindly requesting that the reduction is amended and that the reduction is only back to its last cut.

I do apologise for this

Many Thanks,

Pete Jones
