Dear Caren

I note your objection, thank you for the email. Can I check this is on the amended plans that we have uploaded?

Best regards Rob

Service news:

The Council has now moved to a new software system for case management. The Planning Development Team is now working to acclimatise to the new system.

The Planning Application portal is active, and we are receiving applications. We are not currently able to publicise any planning applications received since 31 July but are working closely with our system experts to resolve this issue as quickly as possible and hope to be able to publish by Monday 8 September.

The Pre-Application Advice service has now reopened but with a reduced capacity as the team is still acclimatising to the new system.

Please note, statutory timeframes will not be impacted, but you may be contacted to discuss an extension of time for the determination of any outstanding cases in light of the change.

Services without a statutory timeframe may be subject to delays in response.

We apologise for any inconvenience caused during this time and appreciate your patience as we make this change.

Good Afternoon Robert

I would like to object to the above planning application due to its size and proximity to the neighbouring property.

I understand that a considerable amount of development has already happened at this property so it is now overdeveloped.

I understand that the planning portal is current down, therefor I will add my reasons for refusal to the application by the end of the week.

I look forward to acknowledgment to this email.

Kind Regards

Caren
