

Subject: RE: Hayling Golf Club APP/25/00484 Installation of a permanent toilet facility on golf course

CAUTION: This email came from outside of the council - only open links and attachments that you're expecting.

Good afternoon,

Thank you for this email. Ben is currently on leave so this has been forwarded to me.

Having looked at these proposals, I note that existing roadways will be used for access and screening would reduce visual disturbance impacts. Due to the nature and scale of these works, impacts to the SWBGS site and SSSI would be minimal. I advise that works over the key overwintering months of January and February are avoided if at all possible.

I hope this provides a way forwards with these proposals. If this raises any questions please do get in touch.

Best wishes,
Mary
