Description

The Site is located to the north of the town of Havant in the county of Hampshire. It is split along a north south alignment between two local planning authorities of Havant Borough Council and East Hampshire District Council. The Site lies within a shallow valley located between the residential settlements of Leigh Park and Rowlands Castle. It comprises predominantly open grassland with some woodland, hedgerows and ditches which is in the process of being developed for the proposed reservoir. The residential areas of Warren Park and Leigh Park lie to the west and south-west of the Site.

Description of Your Proposal

Please provide the description of the approved development as shown on the decision letter

Application under Section 73 of the Town and Country Planning Act 1990 in respect of Conditions 2 and 3 of the Hybrid permission planning reference APP/20/00990 dated 15th October 2021 for proposed changes to the size and alignment of the main reservoir embankment.

What was the original application type?

Outline planning permission: Some matters reserved

For the purpose of calculating fees, which of the following best describes the original development type?

- ☐ **Householder development:** Development to an existing dwelling-house or development within its curtilage
- ☒ **Other:** Anything not covered by the above category

Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

The amendments will:

- Reduce the angle of the inside slopes of the Western Embankment to remove the structural risk. The amendments will generally be below the water line and therefore not readily visible.
- Increase the angle of the outside slopes of the Western Embankment. There are no changes to the alignment of the outer toe of the embankment or to the height of the embankment. Views of the outside slopes of the Western Embankment are limited and largely screened from the nearest residential properties by existing vegetation which will be maintained and reinforced as part of the landscaping for HTR.
- Alter the Transition Zone from the Western Embankment to tie in with the Main (Southern) Embankment slopes, providing a graded change between the embankments. As a result of these NMAs, there is no change to the Main (Southern) Embankment beyond the Transition Zone.
- Revise the inside slope angles at the northern extent of the Western Embankment to ensure tree G190 located adjacent to the Western Embankment is retained.
- Other consequential non-material amendments, including alterations to fencing and gates, the viewing platform, reed beds and amphitheatre.

Please state why you wish to make this amendment

The amendments are required to ensure the internal slopes remain structurally stable in an emergency draw down event at the reservoir.

Are you intending to substitute amended plans or drawings?

- ☒ Yes
- ☐ No

Details of the pre-application advice received

- The proposed embankment changes can be treated as non-material under S96 of the TCPA.

- When compared to the environmental effects under the Section 73 Hybrid planning permissions, the detailed changes would not give rise to new or materially different significant effects on the environment from those previously assessed or debated at planning committee.

- Given the limited scale of the differences/changes and expected limited effects on the environment from those previously assessed, they could be capable of being consented via a S96A approval.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- ☐ Yes
- ☒ No

Declaration

I/We hereby apply for Non-Material Amendment as described in the questions answered, details provided, and the accompanying plans/drawings and additional information.

I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.

I/We also accept that, in accordance with the Planning Portal's terms and conditions:

- Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website;
- Our system will automatically generate and send you emails in regard to the submission of this application.

☒ I / We agree to the outlined declaration
