

HAVANT BOROUGH
COUNCIL

24 OCT 2025

RECEIVED

APPLICATION REF: APP/25/00695.

Dear Sir/Madam,

You have asked for comments on the proposed application to extend the bowling green club house. Having looked at the planned extension, I am concerned that this large club house which has a bar, kitchen, changing rooms & indoor bowling, will become something for general public to hire, or will it remain solely for the bowls club to use, if it extends to public use then I would object, if it stays for club house members only that would be acceptable. We do have a social hall & church hall for hire for our local events!

[REDACTED] during the summer they renewed the green and the noise level was horrendous, the machinery too was very heavy and shook [REDACTED] further development is not something I look forward to, especially with no warning!

not all
for the good I'm afraid. I would like to
know how funding for such things can
happen for the few, when everybody is
finding it so hard to exist, and there are
so many people in need of support, even
our lovely Bidbury Mead (so treasured by
children, oldies, cricketers, footballers & dog
walkers etc,) seems to be neglected
including the public's footpaths to it!!??

Yours faithfully.
