

Dear Sir/Madam

I object to the above application APP/21/01350 [REDACTED]

Billy Road and [REDACTED] estate is a private road and has not been adopted by the council therefore the residents are responsible for the upkeep and maintenance of it.

How can a developer be able to build 29 dwellings north of The Oysters without the residents permission which they do not have?

The roads [REDACTED] wind and are narrow with barely enough room for [REDACTED] cars. Additionally young families live with young children. This is not conducive to additional cars coming and going not to mention the heavy plant and material during the actual build.

Alternative access is possible via Furniss Way which is a public road through an industrial estate therefore not upsetting local residents and a much wider road too. Charleston Close is also a council adopted road and more suitable for access.

[REDACTED] Also, it is very likely to devalue [REDACTED] property which is not acceptable and extremely unfair.

Not to mention the infrastructure on Hayling Island itself being able to cope with schools, doctors and roads with one road on and off.

I therefore formally reject this application.

[REDACTED]
