Building plan to side of nos
Highfield Parade, Waterloo 16
P07 7PH.

Dear Sir/Madam

We are totally against this proposal as all day long shoppers turn cars round in this side road. There is nowhere else that is suitable to turn, that is safe.

As cars are always parked along the left side of Burnside it is a perfect space to give way to cars coming from Highfield Avenue into Burnside. People will not be able to come through which will cause an accident on the corner especially 8-9am and 3-3.30 School times when there is heavy traffic to Queens Enclousure School.

Delivery lorries and vans will cause chaos in Meadway if that is the only entry/exit for them.

This has not been thought out well, please do not give planning permission.

Yours faithfully

HAVANT BOROUGH
