Dear Jennie

I had kept the application on my device but have found that it has gone with a message that says, Connection unexpectedly removed.

Having visited the site, I want to check what the number of parking spaces there were for cars, the allocation for bicycles and the provision for waste collection.

The area to the rear is not large and I question if it is adequate; will this HMO create displaced parking.

I'm assuming that the decision to grant permission is to be a delegated one and strongly question this.

I would ask that this decision be a planning committee one

Kind regards

Gwen

Good morning Councillor Robinson,

[REDACTED]

Are there any comments you would like to make or concerns that you feel have not yet been addressed that we might still be able to look at as part of the planning application?

Kind regards,

Jennie Fox
