Dear Sir/Madam,

Please find attached the following documents with regards to Application for the erection of a Granny Annex at the bottom of our garden.

We would like to build a Granny Annex at the bottom of our garden for sole use to 
 there will be no integral link to the main dwelling as it will be situated at the bottom of our garden. There will be no effect on parking as we currently have a driveway suitable for two cars and only have one, so parking will be situated on our property. Access to the Annex will be through our existing rear garden gate which leads into the garden.

Red Line Plan – original & 3 copies
Block Plan - original & 3 copies
Proposed floor plans - original & 3 copies
Proposed Elevations - original & 3 copies
CIL forms 1,2 & 8 - original & 3 copies

Kind Regards,

Siouxsie Dwane
