Dear Sir or Madam,

Re: The Town and Country Planning Act 1990.
Town + Country Planning (Development Man.
Procedure) Order 2015

SITE ADDRESS:- MCCORMACK HOUSE, 56A EAST ST, HAVANT

I wish to appeal against approval of the above property to be changed to the use of education and the proposal of a multi use games area at the rear of the property.

This property should remain for commercial use and not educational

The properties that border this building are domestic dwellings with the exception of the Spring Arts Centre.

my second concern is the games area

The level of noise created by any children playing games is high

I strongly request that permission is not given to this proposed education facility which should not be sited in a residential area.

years faithfully

Acorn Education and Care - Potentially rewarding, ...

Pros. Working with and educating vulnerable and challenging students is rewarding despite difficulties and no day is the same as the ones prior.
