Dear Sirs

34 Frances Road PO7 5HH

Further to my recent pre application enquiry regarding the above, I enclose my Householder Application. This comprises a First Floor extension with both hips raised as gables. There are three roof lights proposed to the front elevation. I wish to confirm that the existing ridge line will not be exceeded by this proposal. External materials will be horizontal wall tiles at First Floor and roof extensions with a flat roof to the dormer extension.

If you have any queries on this matter, would you contact me at this Office. Please advise on the fee for this Application.

Yours faithfully

Edward Caush
