Ref APP/19/01254

Dear Mrs Pickup

Regarding the recent Application for planning permission at 16 Selborne Avenue Havant PO9 4PX to erect a 3 bedroom detached dwelling.

I have a few concerns regarding this application.

and I can see by the plans that the new intended property still clearly backs onto my garden fence.

I would also like to raise my concerns about the pipe work / guttering / + fascias over hanging because its right up to the border fence.

I've lived in my property since 1981 and having a new property built so close to mine will clearly over shadow my light and also invade my privacy from the positioning of all the windows I.E Roof / side / + back.

I feel like having a new build so close to mine will most definitely make me feel hemmed in and overshadowed.

I would like to think you will take my objections into consideration when looking at this Application

Kind regards
