Dear Sir/Madam

I am writing in connection with your letter dated 27th September, which I received on 3rd October; Your Reference APP/22/00827. I am writing as the owner of the property [REDACTED] that for which a planning application has been submitted (171 Nutwick Road). My husband [REDACTED] and myself occupy [REDACTED]

I wish to raise an objection to that part of the application which details a rear extension to the property. The structure would considerably reduce daylight (and especially sunlight) falling on the patio to the rear of our property, our rear glass door, and the sizeable window of our living room. The extension would also block our outlook in that direction, which currently gives us a clear view across neighbouring gardens for some distance down Nutwick Road, and the many mature trees which line the railway embankment.

My husband and I are retired and in our [REDACTED] spending the vast majority of our time in our house and garden and are concerned for any significant change which may affect our wellbeing and enjoyment of life for however many years may remain for us.

I thank you in advance for your consideration of my comments.

Yours Faithfully
[REDACTED]
