Dear Ms Pickup,

Re. THE GRANGE, 145 STAKES ROAD, WATERLOOVILLE, PO7 5PL

Thank you for forwarding the letter from the Hampshire Constabulary in relation to the above property. Firstly, I would like to confirm that a full risk assessment has been undertaken by the Approved Premises Manager and the local Head of Public Protection in relation to the proposed plans to convert unused space into three additional resident bedrooms at the property. I would also like to explain that, following changes to operational practice a few years ago, each Approved Premises operates a double waking night cover service which results in a minimum of two staff being on site and awake during the night-time period. As such the staff bedroom on the first floor is currently unused, hence the request to bring the space back into use by converting it into a bedroom for a resident.

I hope that this response addresses any concerns you may have. Please do not hesitate to contact me should you require any further information.

Yours sincerely

Head of Business Strategy and Change
