Hayling Island,

Dear Mr Oliver,

I am writing in support of
'LIDL' supermarket for Hayling Island, because I
feel it would help to ease the congestion on
the main road onto the island, as many of the
residents and holiday visitors would not have
to make a 12 mile round trip into Havant for
a major large supermarket.

It would also create jobs for people
living on the island and with the already
planned building of new houses and flats the
present small supermarkets are inadequate.

Yours Sincerely.
