Your query or comment: Regarding Rook Farm on Hayling Island. It would be unwise to build any more houses on Hayling Island as the Island has only one road from the bridge, and already that is full, and has been for several years. Hayling is known as a holiday Island, and as such we have extra traffic in the summer, making getting on and off the island even more difficult for emergency vehicles, as well as the public. Our infrastructure is not suitable for all the extra houses, either. Please, no more building on Hayling Island.
