Dear Mr Pares

**Application for the approval of a vehicular access at
2 CORALIN GROVE, WATERLOOVILLE, PO7 8QP**

**Location Description: Front of number 2 Coralin Grove,
Waterlooville**

Regarding your application for a vehicular access to the above property, I regret to inform you that following the local highway engineer's visit to site it has been determined that this site is not suitable for a crossing. The reason(s) for this are as follows:

- The VXO will be too close to a major junction. Does not meet pre application criteria of 10m away from a junction

If you feel that you have further information which may support your application which was not previously disclosed, that you would like us to consider, please contact us using the above details.

Yours sincerely

Highway Support Assistant
