Dear Paul

RE: MANOR FARM, BEDHAMPTON – HCC ARCHAEOLOGY

I am writing to confirm the results of recent discussions regarding the archaeological Desk Based Assessment (DBA) and subsequent archaeological conditions placed upon the application site at Manor Farm, Bedhampton.

Further to correspondence between myself and David Hopkins of Hampshire County Council (HCC) on the 13th May 2019 we have agreed that no revisions to the DBA supplied in support of the application are necessary because the conclusions of the report supplied are correct and will not effect the recommendations from HCC to the Local Planning Authority. The DBA states that a condition for further archaeological work should be attached as a condition to planning permission and this is what HCC have recommended to the Local Planning Authority.

A copy of this correspondence between L - P : Archaeology and HCC has been supplied to Bargate Homes but can be issued again on request.

Yours sincerely

Kelly Madigan
