Dear Mr. Oliver

My reasons to support the building of Lidl's on Hayling Island are as follows.

1. Reduce need to travel - roads very busy. Easily accessible by foot + public transport.
2. Will create new jobs - always needed.
3. Improve choice + competition particularly with Co-op.
4. Promote competition + hopefully 30% savings.
5. It is a high performing supermarket in U.K.
6. Design has been well thought out with sustainable construction and materials.
7. Lidl's has strong commitment to recycling.

Very much needed because of all these reasons

Yours Sincerely

MRS J. STRATFORD
