Dear Sirs,

Re: Felling of Lawson Cypress, at entrance to Norfolk House in Connaught Road

Firstly I would have kind to have been told of this. I have lived in Connaught Road for 52 years.

Secondly I have to object to this so-called "Development". This is not Development, it is Destruction. Destruction of a tree which:

- a) Adds character to Connaught Road:
- b) Is good for wildlife:
- c) Has not harmed the pavement or wall any more than 8 years ago when it was decapitated:
- d) Replacement of this tree, if felled, will need to be replaced. It would be difficult and expensive to find one of similar size and interest.

I sincerely hope that the application is rejected.

Yours faithfully,

Please acknowledge receipt of this letter
