

HAVANT BOROUGH  
COUNCIL

26 AUG 2021

RECEIVED

PO9 1PH.

REF AAP/21/00601

25/8/21.

Dear Development Management.  
Team.

Enclosed are my feelings  
against the proposed. Develop-  
ment adjacent to Basmore  
Medical Centre Havant.

As I live opposite this land  
it would massive impact on  
my life, due to the units  
blocking out the daylight,  
no air flow as in the grounds  
of Manor Court the very  
large trees already do some  
of this, the buildings will

be unsightly even though  
you are putting in new trees,  
The loss of this open space  
to noise smells and fumes.

of which you do not know.  
Who if any of these units  
will be rented. Also with  
a number of them already  
in place at Harts Farm Way.  
which have sat there for  
years empty.

The noise level will  
increase massively due to  
Cars, vans, lorries, waiting,  
parking at units as you do  
not know who will occupy  
these buildings. The air

Pollution will increase with  
the amount of vehicles that  
will also be waiting on Solent  
Rd, as there is already

Queuing due to the Shop's  
factory workers and Dr's  
Surgery, The proposed.

Rd. being made larger at  
the Side of Basmane Medical  
Centre will impact the

Surgery the Emergency  
Services will have a slower  
response to the property, let  
alone the Health and Safety  
of Many Elderly, children  
and Disabled people.

accessing the Surgery,

I hope this beautiful plot  
of land will not be used  
for this purpose.

Yours Sincerely
