Dear Sir

Agricultural Land
Croft Lane, Hayling Island

I have received representations regarding work being carried out on the above land which I understand is in your ownership.

From my Enforcement Officer's report I understand that tipping is taking place on the land and the materials for the possible construction of a building have also been placed on the land.

I would appreciate it if you would advise me in writing as to what your intentions are regarding both the tipping taking place and the possible erection of a building on this land, as the land is designated as agricultural land.

I understand you have spoken by telephone to my Mr. Constantine regarding the placing of stables on this land and you were advised that Planning Permission would be required for stables.

With regards to the tipping taking place, a Tipping Licence may be required for this activity and I would suggest you contact The County Surveyor at Hampshire County Council, Winchester direct and seek their views on this matter.

Yours faithfully

Director of Planning and Architecture
