Application for a non-material amendment following a grant of planning permission.

Dear Sir, please find enclosed requested documents for the above at the stated address.

As you will see, it is to simply change the full length French window with clear glass on the West elevation to a waist high window with obscure glass.

I have enclosed the document granting planning permission and you will see that proposed elevations A103 does in fact, show a French window, whereas what we actually wanted was enclosed proposed elevation A113. This is the change we would like to make,

Yours sincerely,

Bridget Hackett, Mrs.
