Dear MISS DONOPHY

With reference to planning N° AP/23/00265
32 SPRING VALE, The variation outlined
regarding the Roof Tiles has already commenced?
and as with regard to cladding I strongly
object, the project has already cause
me upset due to the fact it has
invaded "effect on daylight, privacy and
outlook" and now "Design, appearance and
outlook" with displeasing to us, it
will look like something built out of
"Leggo", what has happened to ~~reg~~
regulations about keeping converted
properties in line with existing homes

Yours faithfully
