

27th July 2021

Dear Sirs

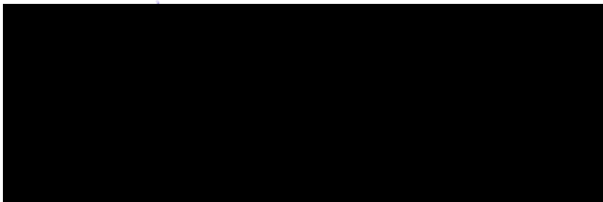

Planning Application APP/21/00537 – 1 Ferndale PO7 7NZ

I would like to express my concern regarding the above planning application.

My main concern is the increased number of vehicles that will be parked in Ferndale on what is a very tight bend. Access to Number 1 Ferndale has always been difficult even for single occupancy of the property. When turning into Ferndale from Hulbert Road one is often faced with cars parked in the road within the space of about twenty feet, an accident waiting to happen, as it stands at the moment without adding more cars.

If an area inside the confines of Number 1 Ferndale cannot accommodate all of the vehicles needed for the multiple occupancy it would seem to be folly to even consider the planning application.

Yours faithfully,

Planning Department
Havant Borough Council
Public Service Plaza
Civic Centre Road
Havant PO9 2AX
