Hi all,

Please see email exchange with HCC regarding our designers response. In light of HCC's comments, I have revised the text of the Designers Response and reissued to HCC.

@Matthew Thomas, I suspect you will want to re-issue to the planning officer.

Thanks

Andrew Ward
Associate Director

Subject: RE: Harts Farm Way Pedestrian Data

Hi Holly,

Please find attached the updated Designers Response. Please let me know if you require any further amends.

Thanks

Subject: RE: Harts Farm Way Pedestrian Data

Hi Andrew

Thank you for sending this through.

The comments are understood in the designers response but I think both comments should be accepted and referenced made to them being dealt with appropriately at the detailed design stage. Otherwise we need an exceptions report for the stage 1 now and whilst I appreciate your views on both matters, further consideration should be given at detailed design for the most appropriate location for the uncontrolled crossing on the access which may indeed be better placed on the desire line, and corduroy will be needed at some point into the site and agree it would be agreed at the detailed design stage for the internal layout.

I would then be content that there are no reasons within the audit which would warrant an objection. As it stands I couldn't confirm that without going through due process for the exemption.

Kind Regards

Holly
