Planning application ref. no. eg 05/1234/00	APP/10/00983
Application site address	Land Rear of 86-92 London Road Purbrook Waterlooville Hampshire PO7 5JU
Applicant's name	Mr & Mrs A Cooper
Why you think permission should or should not be given	Further to my previous objections and observations of this development (dated 18 January 2011) I would still like to object strongly to the development, especially to Plot 4 which will have a direct impact on my property. My property is the only property directly affected by building structures in direct line with my property. The location and structures of Plot 4 are within feet of my property boundary. This proposed development has three windows facing and looking directly into my property, which will have a major effect on daylight, privacy and outlook. Together in that with the garage directly facing my property there is an added risk of noises, smells & fumes. The proposal of a wooden fence with trellis is totally unacceptable and does not protect my privacy and security, also who would be responsible for this fencing in terms of maintenance and replacement. This development does not have any major effect or intrusions to the two interested partners Mr & Mrs A Cooper (No.92) & Mr & Mrs P. Link (No.86). Finally is the Council ignoring Government Guidance on 'Garden Grabbing', I will be contacting once again David Willets MP for his views on this matter. I await the decision of the Council with much interest as you may understand.
