Dear sir/madam,

With reference to the above planning of new bungalow and drive etc.

Looking at the plans, we have no major issues with it, as long as the drive is 'as per plan submitted' as it won't appear on us from noise of cars etc.

It will of course ruin our outlook from our garden of sky/trees etc which is a great shame.

In general though, all these fill ins on peoples gardens must affect natural drainage, more noise, usually 2 more cars and the infrastructure of the island is under increased pressure.

I know there is a new bungalow behind us, but we knew and accepted that when we purchased ours.

Just our points of view for the planners.

Yours sincerely
