6/3/20

Dear Sir,

We object to planning permission being granted to this proposed development. Over the passed 3 years 8 projects have been carried out on this property many of which have been quite extensive. On each occasion workman's vehicles have been parked in proximity of the property making access to neighbouring properties difficult.

Scaffolding would need to be erected posing an obvious invasion of privacy which would continue to do so given that dormer windows both to the front and rear forming part of the extension

Yours Sincerely

HAVANT BOROUGH COUNCIL
