RECEIVED

3 May 2020

Dear Mrs Pickup

REF APP/20/00302

Site Address 16 Selborne Avenue, Leigh Park, Havant PO9 4PX. The erection of a 3 bedroom detached dwelling.

I still have major concerns regarding this Application, most importantly is the impact to the neighbours.

I.E the overhanging. overshadowing. The blocking of daylight And sunlight

The positioning of all the windows overlooking into my garden and having no privacy and feeling hemmed in. Also don't forget about the Flood zone risks.

The actual plot size And design of the property won't fit in with other surrounding properties

I've also had yvonne weeks the Barncroft ward Councillor come round to see the plot. Where the back garden should be has barely got enough space for a pet let alone a family with children and a new addition of a bike shed.

I hope you take my
objections into
consideration when Looking
at this application

many thanks
