

HAVANT BOROUGH COUNCIL

15 MAR 2022

RECEIVED

Dear Mr Toole,
APP/22/00140 87 Havant Road

I wish to register my objections to this retrospective planning application for the following reasons:

The 'proposed' height of the new illuminated signage is stated at 6500mm as opposed to 6000mm of the previous height as shown in existing elevations..

The height of the previous sign was the same as the height of the forecourt canopy in line with the height of signage in local garages in residential areas.

My objection to this retrospective planning application is that the new illuminated signage is now clearly visible from all 3 of my bedroom windows and represents an unnecessary and intrusive level of light pollution.

Could you please acknowledge safe receipt of this letter of objection as your on-line system will not allow me to submit comments on this portal.

Yours sincerely
