3. Description of Proposed Works

Please describe the proposed works:

To replace a wooden fence running along the rear of the property which bounds the Havant Borough Council Mission Lane Car Park. Following a subsidence issue with the property the conifer trees, that screen the rear garden and house from the car park, have been identified as the cause and must be removed. This screen removal will leave the property liable to increased security risks and the public will be able to see into the garden and property drastically reducing our privacy. It is therefore proposed to replace the current 6ft wooden fence that runs the length of the rear of the property with an 8ft wooden close boarded fence and posts. As the fence borders the car park there are no issues with the height of this fence affecting neighbours or any other property.

Has the work already been started without planning permission?
