For the attention of PLANNING SERVICES.

Dear Sirs

Ref 40 Rowlands Avenue, Waterloooville PO7 7RU
Outbuilding for aqua trainer. APP/21/00545

I wish to raise the following objections to the proposed FURTHER development at the above address:-

Design/Appearance/Layout.

This vastly extended house which has taken well over two years of building work is far in excess of the original building. It is very dark in appearance and dominates the plot. Adding another building for an aqua pool will further increase the density

Noise etc

What is this pool for ? I understand is moving in, or for general use in which case it will cause more noise and disturbance.

Presumably it will need a pump. Will this be working 24 hours a day 7 days a week?

What will the noise level be?

What fumes will it generate?

How often will it be used?

Conservation/Trees/Hedges

A fully grown mature tree was cut down at the beginning of the build of the extended house.

A dense mature hedge approx 12ft high which ran the length of the garden has now been uprooted.

There will soon be no vegetation at all.

IF PERMISSION IS GRANTED IS THERE GOING TO BE A TIME LIMIT ON THE BUILD.?

Noise, dust, dirt, machinery.....seven days a week.

Enumerable bonfires burning green foliage and wood from the garden, doors, pallets, cardboard, anything that could be set light to with the help of accelerants, causing black smoke and obnoxious fumes. Sometimes left smouldering overnight.

Again, I strongly object to this application.

Yours faithfully
