Dear Sir/Madam

Site Address: 338 Purbrook Way, Havant, PO9 3SQ

Proposal: Retention of fence and dropped kerb

I am writing to formally object to the proposal, as described above, for the following reasons:

1. safety of pedestrians when coming in and out of driveway.
2. already nearly knocked me down when coming out of the driveway, maybe poor visibility from the fence. To the right of the fence incoming traffic from a main busy road comes around the corner. This is very different to the property opposite, in which there is clear visibility and the traffic is travelling towards the main road.
3. the residents of 338 Purbrook Way have already been illegally bumping up and down the kerb since they have constructed the drive.
4. as the driveway comes out onto the road, it is in a precarious position (near a junction) and could cause an accident, especially if they were to back onto the road.
5. I have already verbally expressed my dissatisfaction with the height of the fence, especially the fence connecting the boundary of 338/340 Purbrook Way. I have already complained to Havant Borough Council and been told it was under Portsmouth Council, so I do not understand why the rest of the fence is under the jurisdiction of Havant Borough Council.

Please take into account my above concerns, as they are both valid and could cause an incident in the future if not properly addressed. Also, please forward my concerns regarding the dropped kerb to the Highway Authority, as it appears they are in charge of that part of the proposal.

[REDACTED]

Yours sincerely
