RE PASTORAL

Planning Officer.

Thank you for the information
you provided.

- 1 The overall plan is not
correct, it does not show the large
accommodation recently built in
the back garden of Pastoral
- 2 As you can see the buildings
already have multiple bedrooms,
which appear to be occupied on

on a regular basis with his staff, making it in my eyes an H.M.O.

The further extension will again enable more staff to stay there.

The position of this extension (the latest application) was drawn to my attention by the contractors as it encroached on my boundary. This in my eyes is unlawful, and if I wished to place a building in a similar position I would not be able to do so.

I would be pleased if you would
arrange a site visit as an

seeing my property and
surrounding properties being devalued
by this development is rather
stressful.

The extention should not in
my opinion be where it is proposed
to be.

yours faithfully
