YOUR REF APP/16/00465

Dear Sir/Madam

RE: -LAND ADJACENT TO 27, HOLYBOURNE RD.
HAUANT.

I am writing to register my objection to the proposed Current application for a block of flats on this restricted shaped site.

My main objection is to the height of the flats of three storeys. This is completely out of keeping with all the surrounding residential properties being of two storeys. It will tower over all other properties and is completely inappropriate for the site.

Secondly my concern is regarding

the traffic and proposed parking spaces are inadequate for this confined site.

This taking into consideration with the planned extension to Trasnant School will result in traffic problems for the area.

Thank you for taking my objection and opinion on this matter into consideration

Yours faithfully,
